We create opportunities

"Coming together is a beginning; staying together is progress; working together is success."

Henry Ford

This Newsletter is dedicated to partners, coaches, coordinators & Focal Points.

"I felt that our journey was better than a beginning that reminds us of what everyone reads and hears every time they turn on a screen, meet another set of eyes, and share their coffee, haunting our thoughts with bad news or diminished perspectives.

Something fresher, something that has the potential to bring us a sweet feeling of pride or even a moment of satisfaction"

**"We Have Results!"**

Hassan Bugnard, Country Director
